

COURSES IMPARTED IN ENGLISH

Health Science University School

DEGREE	SUBJECT	CREDITS ECTS
Physiotherapy	Massage Therapy	1

Economics and Business Studies College

DEGREE	SUBJECT	CREDITS ECTS
Administration and Business Management	Introduction to Business Management	6
Administration and Business Management	Introduction to Marketing	6
Administration and Business Management	Introduction to Economics	6
Administration and Business Management	Macroeconomics	6
Administration and Business Management	Introduction to Accounting	6
Administration and Business Management	Introduction to Finance	6
Administration and Business Management	Introduction to Economics	6
Administration and Business Management	Human Resources Management	6

Experimental Science College

DEGREE	SUBJECT	CREDITS ECTS
Chemical Engineering	Multiphase flow	6
Environmental Science	Global Change,	4.5

	Biodiversity and Human Well- Being.	
--	-------------------------------------	--

College of Psychology

DEGREE	SUBJECT	CREDITS ECTS
Psychology	Psychometrics	9
Psychology	Learning and Cognition	9
Psychology	Organizational Psychology	6
Psychology	Introduction to Cognitive Neuropsychology	6
Psychology	Introduction to Biological Foundations of Behaviour	6
Psychology	Perception and Attention	1.6

Master

DEGREE	SUBJECT	CREDITS ECTS
Master's Degree in Greenhouse Innovation	Time Study Techniques applied to the workforce control (French)	3
Master's Degree in Greenhouse Innovation	Greenhouse Irrigation Systems	2
Master's Degree in Greenhouse Innovation	Irrigation Water Distribution Systems for greenhouses districts	3
Master's Degree in Advanced Computer Techniques	Probabilistic Expert Systems and Approximate Temporal Logic	4.25
Master's Degree in Advanced Computer Techniques	Modulation Concept in the Information Systems Knowledge.	1.5
Master's Degree in Advanced Computer Techniques	Heuristic and Multiobjective Optimization and Parallelization	8
Master's Degree in Advanced Computer Techniques	Information Systems Modelling	2.25
Master's Degree in Advanced Computer Techniques	Methods for Image Understanding, Reconstruction and Restoration	7
Master's Degree in Industrial Engineering	Computer Vision in the Industry	6
Master In International Business Administration	Topics In International Finance	4

Education Science College

DEGREE	SUBJECT	CREDITS ECTS
Teacher Training in Child Education	Sociology and Development Education	6

College of Humanities

DEGREE	SUBJECT	CREDITS ECTS
English Philology	The Greek Classical Tradition influences on English and German Literatures	3.5
English Philology	Descriptive Aspects of Modern Spanish	2

Higher Polytechnic School

DEGREE	SUBJECT	CREDITS ECTS
Agricultural Engineering	Land Evaluation and Cadastre	4.5
Agricultural Engineering	Remote Sensing and GIS	6
Agricultural Engineering	Erosion and Desedification	6
Agricultural Engineering	Statistics and Computer Science	3
Mechanical, Chemical and Electronic Engineering	Mathematics II	6
Computer Engineering.	Digital Image Processing	6
Agronomic Engineering	Crop-Soil-Environment Relationships	6
