

Dear partners,

Concerning the LLP-Erasmus Mobility Programme 2011/12, we are pleased to inform you about the process to apply for an Erasmus exchange, in order to inform your students interested in doing a stay in the **Faculty of Mathematics and Statistics** / Universitat Politècnica de Catalunya-Barcelona Tech.

Any other kind of international mobility programme have the same process.

-All the information that your students require to prepare the stay in the Faculty of Mathematics and Statistics is available on our website; they must fill in an application on-line:

- <http://www.fme.upc.edu/exchange-students/welcome-to-the-fme-1>

Pay attention with the deadlines!

If your student wants to apply **ONLY for the second semester**, the period to register starts the **1st of September!**

For any other interesting information about their stay at UPC and Barcelona visit the web site of the International Relations of Universitat Politècnica de Catalunya – Barcelona Tech

- http://www.upc.edu/sri/?set_language=en

-For languages courses:

Remember our lectures are usually in Catalan or Spanish. Only Master in Advanced Mathematics and Mathematical Engineering is taught in English

Catalan courses

<https://www.upc.edu/slt/learn-catalan> (for free)

<http://www.intercat.cat>

<http://www.parla.cat> (free on-line courses)

Spanish courses

<http://www.meritschool.com/index.php?id=2723&L=2>

Erasmus students have 50% of discount

-The housing service can help students to find accommodation:

<http://www.bcn-housing-students.com/>

<http://www.habitatgejove.com>

[http://www.resa.es/esl/residencias/residencia_intermedia_barcelona/\(residencias\)/Barcelona/\(reservas\)/Cursos](http://www.resa.es/esl/residencias/residencia_intermedia_barcelona/(residencias)/Barcelona/(reservas)/Cursos)

It is absolutely necessary that students bring to Spain:

1. The passport (or national identification card)
2. The Erasmus credential or certificate of your Erasmus acceptance
3. Learning Agreement signed and stamped
4. Updated transcript of records
5. A copy of the registration at your home university
6. 2 card photos
7. European insurance card or any international medical insurance

We also inform you that the first semester is going to start on September and finish on December.

Examinations will be on January. The second semester is going to start on February and finish on May. Examinations will be on June and extraordinary examinations on July.

Although the academic calendar for 2011/12 is not updated yet you can have a look to the current course. Dates will have few modifications.

If your students have any question, don't hesitate to give our email address, and our International team will help them in all necessary.
