

The application deadline for incoming exchange students at NTNU is May 1st. Please relate to this deadline and inform nominated Erasmus students at your institution about NTNU's deadline. The deadline for the spring semester is October 1st.

For access to the application form please see:  
<https://www.intersek.ntnu.no/gjestestudenter/default.htm>

Please note that the application form for fall 2011 will not be accessible online after the deadline. All nominated students should therefore submit an online application before May 1st.

Exchange students planning to come to NTNU for the spring semester of 2012 can submit their application from August 15.

Due to the large number of incoming exchange students arriving in August, NTNU can unfortunately not guarantee housing at the student village for all incoming students from partner institutions. However, students from partner institutions will be given priority. Students who are not offered student housing will have to look for private housing in Trondheim. For more information about this, please see the link about housing given below.

If possible we recommend students to apply in the spring term due to the housing situation in Trondheim as we have more rooms available in the spring.

Due to the fact that we have a lot of exchange students at NTNU and not enough rooms available at the student villages, the Office of International Relations cannot allocate housing for visiting PhD candidates. This category of visiting students must therefore look for accommodation in the private housing market in Trondheim.
