

## Admission process

You can find the updated admission deadlines for exchange students at our webpage: [http://www.dtu.dk/English/education/Exchange/Admission\\_Application.aspx](http://www.dtu.dk/English/education/Exchange/Admission_Application.aspx) You will also find them below.

	Deadlines for European students	Deadlines for overseas students
Autumn semester (September-January)	1 May	1 April
Spring semester (February-June)	1 November	1 November

Before the above mentioned date, DTU must have received the online application at [www.icn.dtu.dk](http://www.icn.dtu.dk) and the required documents, which are also mentioned at the above webpage. The documents are a certified transcript, documentation for English proficiency and the learning agreement for Erasmus students. Please note that the DTU does not have fixed requirements for the English proficiency of exchange students, however the documentation received will help us build a complete picture of the applicant and his/her abilities. As a general rule, students should not fall much below [the language requirements for full degree MSc students](#).

Students will receive their acceptance letter and all information relevant to the admission via e-mail. The admission package contains detailed information on how to sign up for courses.

## Accommodation

Exchange students can [apply for accommodation](#) before the 15th of May for the autumn semester and before the 15th of November for the spring semester. We do not guarantee accommodation to students from European partner universities, but DTU holds quite many rooms.

## Summer University

DTU offers a number of summer university courses, which can be seen at this webpage: <http://www.dtu.dk/English/education/Summer%20University.aspx> The offer includes an Erasmus Intensive Language Course on [Danish language and culture](#). Overseas students are welcome to apply for this course as well. All application forms for the summer university courses can be found here: <http://www.dtu.dk/English/education/Summer%20University/Application.aspx>
