Akkreditierungsrat

Faculty of Applied Social Sciences	
Early Childhood Education – Administration and Management	■ Bachelor of Arts (part time)
Social Work	■ Bachelor of Arts ■ Master of Arts (*1)

Faculty of Civil Engineering and Architecture	
Architecture	■ Bachelor of Arts ■ Master of Arts
Change Management in Water Management	■ Master of Science (part time, *3)
Civil Engineering	■ Bachelor of Engineering (*4) ■ Master of Science
Structural Engineering (taught in english)	■ Master of Science (*6, *7)

Faculty of Electrical Engineering and Information Technology	
Electrical Engineering and Information Technology	■ Bachelor of Engineering (*4) ■ Master of Science
Electrical Engineering and Management	■ Bachelor of Engineering ■ Master of Science

Faculty of Computer Science, Mathematics and Natural Sciences	
Applied Mathematics	■ Bachelor of Science ■ Master of Science
Computer Science	■ Bachelor of Science ■ Master of Science
Media Informatics	■ Bachelor of Science ■ Master of Science

Faculty of Mechanical and Energy Engineering	
Energy and Environmental Engineering	■ Bachelor of Engineering (*4) ■ Master of Engineering
Engineering and Management (Mechanical and Energy Engineering)	■ Bachelor of Science (*4) ■ Master of Science
Mechanical Engineering	■ Bachelor of Engineering ■ Master of Engineering

Faculty of Media	
Applied Museology (Museum Studies)	■ Bachelor of Arts
Book and Media Production	■ Bachelor of Engineering
Booktrade and Publishing Management	■ Bachelor of Arts
Crossmedia Publishing	■ Master of Science (*2, *3)
Library and Information Science	■ Bachelor of Arts ■ Master of Arts (*5)
Media Management	■ Master of Engineering (*5)
Media Technology	■ Bachelor of Engineering
Packaging Technology	■ Bachelor of Engineering
Printing and Packaging Technology	■ Master of Engineering (*5)
Printing Technology	■ Bachelor of Engineering
Publishing and Media Trade Management	■ Master of Arts
TV Production (offered every two years)	■ Bachelor of Arts (only available as a cooperative education programme)

Faculty of Business Administration	
Business Administration	■ Bachelor of Arts ■ Master of Arts
Civil Engineering and Management	■ Bachelor of Science ■ Master of Science (from WS 2013/14)
General Management	■ Master of Arts
International Management	■ Bachelor of Arts

Unless indicated otherwise, all degree programmes start in the winter semester.
*1) also offered as a part-time programme; *2) only awarded to external students;
*3) tuition fees apply; *4) also available as a cooperative/dual programme (combining university study and on-the-job training); *5) enrolment only available in the summer semester; *6) in cooperation with partner universities; *7) service fees apply

How to apply

HTWK Leipzig welcomes applications from international students! The application procedure varies for degree and non-degree students:

Degree students
International students seeking a bachelor's or master's degree from HTWK Leipzig do not apply to the university directly, but via "uni-assist" – a not-for-profit organisation assessing whether foreign students meet the minimum formal requirements for admission to German universities. To be eligible for direct admission to a bachelor's degree at HTWK Leipzig, students must have the equivalent of the German higher education entrance diploma, commonly known as the Abitur. To be admitted to a master's degree, applicants must have completed a bachelor's degree at a recognised college or university. Please contact the Department of Student Affairs for more information.

Non-degree students
Students who wish to spend one or two semesters at HTWK Leipzig as exchange students from one of our partner universities apply to HTWK Leipzig directly. Applicants must have completed at least two semesters of study at their home institution. Please contact the International Office for more information.

Please note: Since nearly all courses at HTWK Leipzig are taught in German, degree and non-degree students need to demonstrate a good command of written and spoken German prior to admission.

Leipzig University of Applied Sciences

Leipzig University of Applied Sciences (HTWK Leipzig) was established in 1992, building on its predecessors and continuing a long tradition of scholarship in Leipzig. Today, with about 7000 students, HTWK Leipzig ranks among Germany's largest universities of applied sciences. Providing practice-oriented, career-relevant education in short and intense courses of study that lead to accredited bachelor's and master's degrees is HTWK Leipzig's trademark feature. Our curricula have been designed to meet rapidly evolving industry needs, preparing students for high-level professional practice in fields such as engineering, business, social science and cultural studies.

Benefits of studying at HTWK Leipzig:

- individualised study environment
- highly practice-oriented programmes
- research-intensive
- Leipzig, the ultimate student town
- international atmosphere
- all facilities within easy reach
- study in small groups
- active campus life
- PhD degrees may be granted in association with research universities
- support services for students with children
- state-of-the-art facilities, new laboratories and studios
- no tuition fees

Leipzig: The ultimate student town

Leipzig is a lively place that has always been a highly popular study destination because of its cosmopolitan and creative atmosphere. A major East German city of about half a million residents, Leipzig has been called many names: city of trade and trade fairs, city of books and media, or city of science and culture. With its wide range of music, theatre, comedy and sports venues, Leipzig offers non-stop opportunities for young people to get involved and have fun. And of course, no student would want to miss out on those all-night conversations in cafes, student clubs, pubs and trendy hangouts. A nearby lake district and the city's many green spaces round out the opportunities to relax and unwind.

Leipzig is also where Goethe, Lessing, Leibniz or Kästner received their university education. Like these famous German writers and scholars, young people have continued to choose Leipzig as their study destination and home away from home for more than 600 years. The St. Thomas Choir and the Gewandhaus Orchestra are closely associated with the names of Johann Sebastian Bach and Felix Mendelssohn Bartholdy. They have been ambassadors of Leipzig's spirit as well as its rich and lively culture far beyond Germany's borders.

University services

The University Library

collects, catalogues and provides information resources to be used by researchers, teachers and students. The library's holdings include

- ca. 300,000 volumes and 530 print periodicals
- access to ca. 200 databases and ca. 20,000 full-text electronic periodicals
- a digital DIN information centre containing all DIN norms, as well as all VDE directives and VDI guidelines
- an information resource centre providing assistance with online database research

General Library Information and Circulation Desk:

+49 (0) 341 3076-6593

The University Language Centre

is responsible for providing academic and career-oriented foreign language courses in English, French, Russian, Spanish and German as a Foreign Language, which are part of the curriculum at HTWK Leipzig. A multimedia language learning lab featuring state-of-the-art media is available for self-directed study. Moreover, HTWK Leipzig offers courses in many languages that prepare students for earning international certificates such as

- English: Cambridge, ESOL, IELTS
- Business English: London Chamber of Industry and Commerce
- Business Russian: Pushkin State Russian Language Institute in Moscow

The University Sports Centre

offers programmes in more than 50 sports. Students may choose between courses taught by trained instructors and informal meetings. The many Wednesday tournaments are very popular. Thanks to a fully equipped gymnasium with its own weight and exercise rooms, there is a wide range of opportunities to match anybody's interest. All important information regarding registration, sports offerings, the various camps and much more is available at the University Sports Centre website: www.sport.htwk-leipzig.de

University Centre for Interdisciplinary Education

The University Centre for Interdisciplinary Education (HUB) runs and coordinates student programmes designed to provide qualifications that go beyond what students learn in their chosen field of study. The General Studies Programme and the **CAREER**Office are core components in the HUB portfolio, supplemented by the opportunities offered by the inter-university **Self-Management Initiative LEipzig** (SMILE). With its individualised counselling sessions, excursions, workshops and lecture series, HUB seeks to provide the social and action competencies that are increasingly expected by employers, thus giving students a head start in their careers.

International relations

Today, international experience and intercultural expertise are deemed indispensable qualifications for university graduates. No matter where they will be based in the future – whether in Germany or abroad – skilled workers will have to be able to collaborate effectively with international business partners or colleagues.

The International Office at HTWK Leipzig supports students in organising a study abroad term by providing individualised counselling, awarding grants and scholarships, and maintaining institutional partnerships with more than 70 universities in other countries, such as Scotland, China or Australia. Participants in the European Union's ERASMUS Programme benefit from simplified application procedures at partner universities, the transferability of foreign credits to their home degree based on the European Credit Transfer and Accumulation System, and financial aid to cover travel and living expenses while abroad.

About 10 per cent of HTWK Leipzig students come from abroad. The International Office and the Department of Student Affairs advise prospective international students and students from our partner universities about our academic programmes and the application process, and later help them integrate into university life in Leipzig.
