

Fontys University of Applied sciences in Eindhoven, The Netherlands promotes the exchange of students doing educational semesters in many European countries within the EU LLP/ERASMUS-program is a real asset for our students. Of course, our university also welcomes your students to study at Fontys University departments of Engineering or ICT. Also in the academic year 2012/2013 we are pleased of having Exchange students from your university.

If you want to nominate students to participate in our Engineering or ICT exchange programmes, we kindly request you to send in their names, e-mail addresses and preferred Exchange program .

You can do this by just answering this mail, please use the format listed below.

Fontys will then contact the students by email to ask to fill in the necessary documents (application form, learning agreement, transcript. For Turkish students we also need an IELTS 6.0 or TOEFL 550 document.

As the deadline for Exchange applications is 15 May 2012 we kindly ask you to re-send us the nominated students' list as soon as possible.

The overview of Fontys Engineering and ICT programs offered in Fall and Spring semester can be found at:
