

The University of Granada has established a new system for incoming students. It is an online application, whose instructions you will find in the next link:

<http://internacional.ugr.es/pages/perfiles/estudiantes/procedimientosolicitudonlineerasmus?lang=es>

Also, you will find useful information in the next link:

<http://internacional.ugr.es/pages/perfiles/estudiantes/estudiantes-internacionales>

I will be very grateful if you give this information to your outgoing students.

Secondly, and in order to validate the online applications, we need some information about your outgoing students. Please, send an email with your selected students in the fields of studies 727, 541 and 729 to the following email address:

rrii@farmacia.ugr.es

- It is only needed their name, surname and ID/Passport Number.

- If you have already sent the application materials by post, please ask your students to follow the online process, because the University of Granada will only accept students who have done their online applications.

- It is not necessary to send any document (just a nomination by e-mail) as all the important data will be saved on the application. But if it is necessary for you to send any documents, please send them by post to the following address:

Facultad de Farmacia
Campus de Cartuja s/n
18071 Granada
