

Fact sheet 2012/2013

Institutional Details

Name of Institution	KTH , Kungliga Tekniska Högskolan Royal Institute of Technology
Erasmus ID Code	S STOCKHO 04
Erasmus Charter	EUC-29371
www Internet Address	www.kth.se

Head of Institution

Name	Prof. Peter Gudmundson
Address	Kungliga Tekniska högskolan Valhallavägen 79 SE-100 44 Stockholm, Sweden
Telephone	+46 8 790 6000
Fax	+46 8 24 54 35
Email	rektor@kth.se

Head of KTH International Relations Office/Erasmus Institutional Coordinator

Name	Ms. Tina Murray
Address	KTH, International Relations Office Drottning Kristinas väg 6 SE-100 44 Stockholm, SWEDEN
Telephone	+46 8 790 6550
Fax	+46 8 790 8192
Email	tina@kth.se

Erasmus Coordinator

Name	Ms. Anna Hellberg Gustafsson
Address	KTH, International Relations Office Drottning Kristinas väg 6 SE-100 44 Stockholm, SWEDEN
Telephone	+46 8 790 6849
Fax	+46 8 790 8192
Email	international@kth.se

Academic Calendar

Autumn term 2012	August 24 th , 2012 – January 4 th 2013
Spring term 2013	January 7 th , 2013 – May 25 th 2013

Arrival Days for exchange students

Autumn term 2012	August 1 st , 2012 (students attending Intensive Swedish language course)
Spring term 2013	January 7 th , 2013

Study Periods – Autumn term

Study period 1	August 24 th – October 12 th , 2012
Examinations	October 15 th – October 20 th , 2012
Study period 2	October 22 nd – December 7 th , 2012
Examinations	December 10 th – December 15 th , 2012
Own work/Christmas break	December 17 th , 2012 – January 4 th , 2013
Re-examinations	January 7 th – January 10 th , 2013

Study Periods – Spring term

Study period 3	January 11 th – March 8 th , 2013
Examinations	March 11 th – March 16 th , 2013
Study period 4	March 18 th – May 15 th , 2013
Examinations	May 20 th – May 25 th , 2013
Re-examinations	May 29 th – June 5 th , 2013

Application and deadline

KTH uses a web-based application form for exchange students http://www.kth.se/studies/exchange?l=en_UK. Students nominated by their home university for exchange studies at KTH, must submit an on-line application form to make an application to KTH. After completing the web-based form, it should be printed, signed by the student and a representative from the home university, and sent to the international coordinator of the relevant study area at KTH. Contact information to the coordinator is found on the first page of the printed application form. The web-based application also includes application for [accommodation](#) and [Swedish language courses](#) at KTH. Documents to be enclosed with the application are:

- Transcript of records, i.e. list of courses completed at the home university
- Attested copy of valid pass port/national ID/identity card with citizenship indicated
- Photo
- Additional information (if any)

Double degree students follow the same application procedure as exchange students. Please note that only students whose home university has a double degree agreement with KTH can apply for DD studies.

The application deadlines are:

April 15th for studies/project work starting in August/September or later in the autumn.

October 15th for studies/project work starting in January or later in the spring.

Note: Due to severe housing shortage, applications sent after the deadlines above will **NOT** be accepted.

Courses and projects

Exchange students should aim to take the majority of their courses within one specific school of the Science and Engineering programmes, provided that they meet the prerequisites specified for each course. Exchange students within the Architecture programme must take **all** their courses within the School of Architecture. The selection of courses should be approved by the home university in a Learning Agreement, provided when printing the application form. Changes to the student's study plan should be made within three weeks from the date of course start. Information on courses, credit system, grades, course descriptions, schedule, language of instruction etc can be found on the following page: www.kth.se/studies/exchange/1.7979?l=en

The course database with course descriptions is updated in late March for the upcoming academic year and is available at: <http://www.kth.se/student/kurser/sokkurs?l=en> UK

Educational level: First cycle = year 1-3, Second cycle = year 4-5 (Master's level). Third cycle = PhD level. Academic levels range from A to D, where A = introductory level and D = advanced level. Please carefully study the course requirements for courses with level B, C and D.

Periods: 1st period = Aug - Oct; 2nd period = Oct – Dec; 3rd period = Jan – March; 4th period = March - May

Exchange students are welcome to perform a final degree project at KTH. However, there is no service provided to match student requests with on-going research projects at KTH. A student who wants to carry out a project must contact the research group or professor directly and make the arrangement with them before applying. After following these steps, the student can then apply through the same web-based application.

Credits and Grades

- 1 Since 2007 KTH uses the ECTS (European Credit Transfer System) which is based on the principle that 60 credits measure the workload of a full-time student during one academic year. It is advised that students make a Learning Agreement for only 30 credits per term, KTH cannot guarantee student's attendance to courses exceeding this 30 credit limit.
- Grades are assigned among students with a pass grade as follows:

A=excellent
B=very good
C=good
D=sufficient
E=pass

A distinction is made between the grades FX and F that are used for unsuccessful students. FX means: "fail-some more work required to pass" and F means: "fail – considerable further work required".

Visa/residence permit

Students from many countries, especially outside Europe, need to apply for a visa/residence permit for studies before entering Sweden. Further information and application forms regarding visa/residence permit may be obtained from the Swedish Embassy or Consulate in the home country or from Migrationsverket (the Migration Board) http://www.migrationsverket.se/info/start_en.html All Non EU/EEA students are strongly advised to apply as soon as they receive their Letter of acceptance, since it may take up to three months to get the documentation finalized. Nordic citizens do not require a visa or residence permit.

Citizens from EEA, EU and EFTA countries should apply for a residence card when they arrive in Sweden. Information regarding this will be given upon arrival.

In order to apply for a residence card for studies, students must have a valid passport, health insurance, a statement of financial support and a Letter of acceptance from KTH.

Foreign students are allowed to work in Sweden during their period of study. No additional work permit is needed. However, please be aware that it is difficult to find a part-time job in Stockholm. KTH does not help students to find work.

Health Insurance

Complete insurance coverage

It is very important that all international students have complete insurance coverage for their entire stay in Sweden. Consequently, we strongly advise students to buy a travel/study abroad insurance in their home country before arrival in Sweden. Important areas that the insurance should cover: personal injury, medical and dental care, accidents, personal belongings (luggage etc), liability coverage, legal expense coverage, home transportation (in case of injury or illness).

In case it is not possible to buy a suitable insurance in the country of origin, please contact the international/programme coordinator for more information.

EU/EEA citizens and the European insurance card

Students from EU/EEA member countries should bring the European Insurance card. The card states that the card-holder is entitled to health care on the same conditions and to the same cost as Swedish citizens. The "EU-card" does not mean that supplementary insurance is not necessary. Students will still need it for e.g. dental care, home transportation, personal belongings and liability coverage.

Non EU/EEA citizens

It is very important that students from non EU/EEA countries have a valid and complete insurance coverage since it is a prerequisite for securing a visa/residence permit for studies.

Introduction for International Students

All international students are invited to take part in the Introduction Programme. The main purpose of the programme is to acquaint students with KTH and Sweden. The introduction meetings are scheduled for the beginning of August, the beginning of September and February. Further information is given with the Letter of acceptance.

Furthermore, all institutions of higher education in Sweden have Student Unions. The KTH Student Union is called THS, *Tekniska Högskolans Studentkår*. THS International is an organisation within THS aiming to help international students get to know each other, enjoy their stay and learn about Sweden. Hence it organises a number of social and cultural activities as well as trips and parties, particularly in August and January but also continuously during the semester.

Registration

All international students at KTH are provided with a special registration number called A-number which is a fictive number for use within KTH. The student will get the A-number when registered by the international coordinator (usually during the information/welcoming meeting at the school). Other organisations like banks etc. may give you other fictive numbers of registration. Swedish citizens all have a civic registration number, "personnummer", used in these situations.

Swedish language courses

The Language Unit at KTH offers Swedish language courses free of charge for exchange students. There is an intensive course starting August 2nd. During the academic year the Swedish language courses run parallel to the study programmes. Find out more on the Unit for Language and Communication website:

http://www.kth.se/ece/avdelningen-for-bibliotekstjanster-sprak-och-kommunikation/sprak-och-kommunikation?l=en_UK

The Swedish courses are divided into four levels, from elementary to advanced Swedish. If the student has some previous knowledge of Swedish it is compulsory to do a placement test to confirm the choice of course level. It is an interactive, Internet based test, which gives the students an immediate result. The course catalogue for Swedish language courses is available from mid March. Read more about the placement test:

http://www.kth.se/ece/avdelningen-for-bibliotekstjanster-sprak-och-kommunikation/sprak-och-kommunikation/sprakhemsidor/swedish/placement-test-1.183904?l=en_UK

Accommodation

KTH has an Accommodation Office located in the library reception at Osquars backe 31 (Campus Valhallavägen). KTH Accommodation rents rooms for exchange students in student housing buildings (dormitories). Rooms are also rented in apartment houses. The rooms are located in central Stockholm as well as in the suburbs of the city. KTH offers this service to international students as the housing market is extremely difficult in Stockholm. The location of the room will depend on the number of rooms available at the moment. There is no possibility to choose your room or address, nor to change rooms!

Exchange students must apply for accommodation in the same KTH web-based application form as for exchange studies. This form is to be sent to the international coordinator of the chosen programme at KTH. A housing confirmation is sent to the student before arrival in Sweden but the housing contract is signed upon arrival at KTH.

For information and opening hours please visit their website at:
www.kth.se/studies/exchange/accommodation?!=en.

If you wish to contact them please use: accommodation@kth.se

E-mail address/account at KTH

All KTH students receive a personal e-mail account. The account is administered through the international coordinator. Students also get a computer lab card which grants access to KTH and the computer labs.

Contact persons for exchange students

Postal address: KTH, Name of the School/ Programme, SE-100 44 Stockholm, SWEDEN (if nothing else is mentioned below).

School	Coordinator	Phone, Fax and E-mail
