Main informations about the courses

If you are an exchange student in the university Lumière Lyon 2, you can choose nearly all courses offered, in any department and of any level. You do not have to take all the courses from a diploma or an “unite d'enseignement”(block of courses). Click [here](#) to find the list of courses per subject. Unfortunately it is rare to find a description of the courses. You have to make a first choice of courses without coming to France. You will be able to change your learning agreement once you will be in Lyon and have more details about the courses.

Attention, your study programme should always be approved by your home university.

Attention, there is a very limited number of courses given in English and the teachers do not translate in English for the exchange students. You have to be able to follow courses in French.

You can also attend :

- the « [enseignements d'ouverture](#) ». They are an introduction do some subject.
- [Sport\(s\)](#)
- [Courses specifically designed for exchange students](#)
- the Suivi Linguistique et Méthodologique ([SLM](#))
