

ISA Group is a member of Fésia, the French Network for Education and Research (F ANGERS 08)

Dear Partners,

We would like to inform you that the application for Exchange period at ISA Group has started, and your students may be thinking about going abroad next academic year.

We would like to remind you our course offer, here at the Institute of Life Sciences in Lille (ISA Group Lille).

We offer courses in the fields of Agriculture, Food Science, Environment, Agribusiness, in both English and French.

We can welcome exchange students in all our programs:

- Courses in French:
 - o Engineering program in Agriculture, Food Science, Environmental Science and/or Agribusiness: <http://www.isa-lille.com/programs/engineering/program/>
 - o MSc in Environmental Sciences: <http://www.isa-lille.fr/formations/environnementaliste-les-metiers/>
- Courses in English:
 - o MSc in Food Technology and Management: <http://www.isa-lille.com/programs/masters/msc-in-food-sciences/program/>
 - o MSc in Sustainable Management of Pollution: <http://www.isa-lille.com/programs/masters/msc-sustainable-management-of-pollution/program/>

All these programs are fully accessible to exchange students for 1 or 2 semesters.

For more details about our programs and courses, and about ISA and Lille in general, please visit our website: www.isa-lille.com<<http://www.isa-lille.com>>.

You will find attached the application material:
