

### **Last deadline for STUDY ABROAD summer courses registration University of Almeria (Spain)**

(Please, maximum diffusion among students, faculty and staff. Thanks.)

Dear colleagues,

Just a quick note to inform you that, despite the fact that deadline for Early Bird registration (5% discount) of our ST interested participants can still register (standard registration) until next **May 1, 2015** by filling in this [application form](#).

Please find enclosed again the Study Abroad summer program 2015. Please note that so far we have received participants from different international universities (USA, Canada, Mexico, Australia, Brazil, South Korea, Germany).

As you may know, the summer courses we offer have a length of 4 weeks and they are taught by Doctors and Professors with experience in the most leading-edge areas of knowledge of our University (Science and Engineering, Business, Computing, Health Sciences, Education, Modern Languages, Tourism, etc). The workload of the courses is 80 hours, up to 10 ECTS credits at the home university. Please notice that our summer courses are addressed either to University Teaching staff.

Please visit our [website](#) for more information.

#### **Course offer for July, 2015:**

Please let us suggest those courses which have had more success so far among international students:

*ELE - Spanish Language and Culture (beginner, intermediate or advanced).*

*SE2 - Sustainable and Protected Horticulture: Soilless Culture Systems and Hydroponics\*.*

*BS1 - International Business: Managerial Skills and Entrepreneurship\*\*.*

*HS1 - New trends in Physical and Manual Therapy in Physiotherapy.*

*HS2 - Update on the Integral and Scientific Approach of Chronic Diseases.*

*TG1 - Tourism and Gastronomy: Fundamentals of Mediterranean Cuisine.*

(Full course offer can be found on page 6 of the attached PDF).

\* This course is an improved version of the previous editions, and this year, for the first time, will be an inter-university course between the University of Cartagena (UPCT) and the University of Valencia (UV). Its completion will also offer the possibility of continuing with an online Joint Master's Degree in Culture in Current Horticulture (FECUHO)".

\*\* This course is an improved version resulting from the combination of two of the most successful previous courses among BS3), not only for business students, but for many other academic disciplines. Moreover, the course director (PhD) specialises in skills and group dynamics and we are sure it will be an overwhelming success).

**Dates:** July 1 – 25, 2015 (80 hours / 4 weeks)
