

Dear Colleagues,

I hope this message finds you well!

We would like to kindly inform you that our application for student exchange in the academic year 2015/16 at the Lodz University of Technology is now open. You are most welcome to send us nominations of your students who would like to study at TUL next academic year.

If you have students interested in exchange programme at our University, please forward this information to them.

Kindly note that our University offers various studying opportunities:

- 9 BSc study programmes taught entirely in English and 1 in French
- 4 MSc study programmes taught entirely in English
- European Project Semester, under which students of various engineering and business programmes work in teams on multidisciplinary projects. The EPS covers the whole semester workload (30ECTS). Participation in the EPS enhances development of communication skills in an intercultural context, teamwork and problem-solving skills.
- Final Projects on BSc or MSc level (worth respectively 15 and 20 ECTS), within which students work individually on the project with the supervision of an assigned professor.

Have in mind that IFE tries to give the best support for our incoming students during their stay in Lodz and this is why we are glad to provide them with:

- accommodation at our university campus (in the students' dormitory)
- a Polish mentor – a student who assists them with the all the issues from the very beginning of the arrival throughout their stay in Lodz
- Polish and English language courses (free of charge) during the whole semester

Please find enclosed the application procedure as well as the EPS information folder. However if you have any questions, feel free to contact us.

By this chance - warm greetings from Lodz,

Krzysztof Podstawek
