

Greetings from the Université Paris Diderot-Paris 7 !

We now welcome nominations of the students wishing to come to the Université Paris Diderot-Paris 7 in the frame of a study mobility for studies or training during the 1st semester 2015-2016 or the entire academic year.

**Important:** An official nomination of your students is absolutely necessary before the deadlines. Without any official nomination, student's applications won't be taken into account.

Please use the e-nomination on Moveonnet to nominate your students:

To proceed with the e-nomination you will be asked to register. This is free of charge:

[http://www.moveonnet.eu/join\\_form/new\\_uni\\_user\\_form](http://www.moveonnet.eu/join_form/new_uni_user_form)

To nominate your students, please follow this link: <http://www.moveonnet.eu/mymoveonnet/enomination>

Once nominated, the students will be informed directly via e-mail about the application procedure. The e-nomination simplifies the students' nomination process and keeps the students and the home university updated about the status of their nomination.

The ERASMUS + chart requires a new learning agreement form where only one signature is needed. I would like to point out that:

- The **contact person** (administrative contact) in the receiving institution would be me: Floriane THOREZ - Incoming student Manager for European programs.
- The **responsible person** in the receiving institution would be the departmental/pedagogical coordinator: the professor who will help your students with the pedagogical aspects. He/She has to approve and sign the learning agreements
